

LockFelt Baffles combine a time-tested texture with exceptional sound absorption capabilities and full palette of sizes and colors in a ceiling product geared for occupant comfort. With the predesign baffles shape you can bring movement to your project putting together various pieces.

Our Felt portfolio offers a wide range of solutions from linear systems and large-format panels to clouds and open cell, all constructed with high recycled content. Felt is a versatile acoustical material that is soft to the touch, kind to the ears, and easy on the eyes.
